Becoming an Outdoors-Family Program

Becoming an Outdoors-Family Program! B.O.F. is a series of different Saturday courses and workshops that focus on teaching basic outdoor skills to you and your family to help you enjoy nature and encourage you to spend more time outdoors.

The courses taught vary greatly and cover everything from outdoor cooking to kayaking and everything in between. Our goal is to reconnect families to the outdoors, to our Refuge, and to each other. Becoming an outdoors-family programs provide you with a safe and fun setting to learn new skills, improve skills you may already have, or pass important skills on to the next generation. All are welcome and all programs are free unless otherwise stated.

Each course will be taught by an expert instructor and will allow you and your family to learn the basics as well as gain hands on experience in an environment where questions are welcomed and fun is a given!

Check our 2017 Calendar of Events for a list of courses and the dates they will be offered. If you have any requests for a course, please let us know. So find a course that inspires you to get outdoors and bring your kids, grandkids, nieces, nephews, brothers, and sisters and join us!

Free admission Day at Crab Orchard National Wildlife Refuge

Head outdoors and enjoy some of the country's most magical places — refuges that normally charge entrance fees will offer an additional incentive — **free admission on these days in 2017:**

- January 16 – Martin Luther King, Jr. Day
- February 20 – Presidents' Day
- August 21 - Total Solar Eclipse
- September 23 - 24 – Southern Illinois Hunting and Fishing Days
- September 30 - Public Land Day
- October 8 – First Sunday of National Wildlife Refuge Week
- November 11-12 – Veterans Day Weekend

Volunteer Opportunities at Crab Orchard National Wildlife Refuge

Volunteers are very important and valuable for the National Wildlife Refuge System. Volunteer assistance is needed in a wide range of activities. Throughout the years volunteers have generously given their time which has helped achieve the mission and goals of the System. In Crab Orchard National Wildlife Refuge your opportunities are limitless and we appreciate your valuable time.

- Assisting with the environmental education programs.
- Helping with the wildlife population surveys.
- Assisting with habitat modification projects.
- Maintaining hiking trails.
- Photographing natural resources and cultural events.
- Patrolling through the Refuge.
- Helping with tours and providing information to the public.

Working as a volunteer for the service will give you the opportunity to meet new people, gain new knowledge, to give back to the community, and to protect fish and wildlife and their habitats.

For Schools and Homeschoolers!

Crab Orchard National Wildlife Refuge also offers a variety of environmental education programs designed to be an enriching educational experience geared toward Illinois State science learning standards. Environmental education gives students an opportunity to get outside and learn about nature, in nature. All programs are free of charge and available throughout the school year.

- Quackers and Honkers**
Season - Winter and Fall
Grades - 2nd -4th

This program shows students the diversity of migrating waterfowl that travel through Southern Illinois on their long journey south.
- Earth Day Celebration**
Season - Spring
Grades – 4th-5th

This annual all-day event is an excellent opportunity for students to engage with nature conservation and understand the reason why we celebrate an Earth Day. Speakers present such topics as recycling, energy conservation, endangered species/habitat conservation, law enforcement, and wildlife management.
- Forest Fun**
Season - Fall
Grades - 2nd-3rd

Student will learn the parts of a tree and their functions. They will also learn the differences between an ever green and deciduous tree. As part of the program students will receive field journals that help them identify trees based on their leaf characteristics.
- Amazing Owl Adaptations**
Season - Winter
Grades– 2nd-5th

Students will learn about how the owls have adapted to be very successful hunters. Students will have the opportunity to see and feel an owl mount and dissect a real owl pellet to observe the remains of what these birds of prey eat.
- Butterfly Round-Up**
Season - Fall
Grades - 3rd-5th

The annual southern migration of the monarch butterfly passes through Crab Orchard. Students will be instructed on how to safely collect these delicate insects and will go out into the field with their own nets. Once collected, each monarch will be tagged, recorded in a journal, and released to help track the butterflies as they migrate to and from Mexico.
- Wildflower Hikes**
Season - Spring
Grades – 2nd-5th

Students will observe flower characteristics and understand how they are grouped into families.

U.S. Fish and Wildlife Service

Crab Orchard National Wildlife Refuge

Welcome to Crab Orchard National Wildlife Refuge. Our Refuge is approximately 44,000 acres of beautiful oak hickory forests, open water, crop land, and hiking trails that we can’t wait for you to explore! Our primary purposes are wildlife conservation, agriculture, industry, and recreation. Whether this is your first time at our Refuge or you are a long time visitor, there is always something new to see. So bring the family camping for the weekend, head out for a relaxing day of fishing, hike our trails, or do some bird-watching at our observation decks. If you have any questions please stop by our Visitors Center on Route 148 and speak with our staff; it is our goal to ensure you get the most out of the time you’ve taken to reconnect with nature.
